Identical letters dated 7 February 2014 from the Permanent Representative of Israel to the United Nations addressed to the Secretary-General and the President of the Security Council

I am writing to inform the Security Council that in January 2014 alone there were 157 incidents in which Lebanon violated Council resolution 1701 (2006) and breached Israeli sovereignty. The number of incidents has more than doubled in recent months.

For years, the Government of Lebanon has consistently ignored its international obligations and demonstrated its disregard for the Blue Line between Israel and Lebanon. Please find attached a list of Lebanese violations of resolution 1701 (2006) and Israeli sovereignty in January 2014 (see annex).

Members of the international community must act with a collective conscience to prevent these violations. I should be grateful if you could circulate the present letter and its annex to the members of the Security Council and have it issued as a document of the Council.
